

# Workshops on Gender equality and diversity

## Thinking on women in agriculture and rural innovations

1. Cultural norms and stereotypes
2. Gender in the existing legal framework
3. Data gaps and lack of disaggregated data
4. Structural and financial needs

# Workshops on Gender equality and diversity

## Reflecting with participants on the most effective strategies at national and European level

### Group 1: Cultural norms and stereotypes

Facilitator: Saly Shortall (SETU)

Co-facilitators: Bettina Bock (WUR) & Liz Gavin (NuaFund)

Guiding question:

- What are the most effective strategies for reducing or eliminating the impact of gender-related cultural norms and stereotypes on women in agriculture and rural areas? What can be done at Member State level? and at European level?

### Group 2: Gender in the existing legal framework

Facilitator: Branwen Miles (Copa-Cogeca)

Co-facilitators: Katarina Wiese (EEB) & Oana Neagu (Copa-Cogeca)

Guiding question:

- What are the most effective strategies to review and enhance gender mainstreaming in existing policies? How can gender mainstreaming be effectively integrated into new policies? What can be done at Member State level? and at European level?

### Group 3: Data gaps and lack of disaggregated data

Facilitator: Blanca Casares (AEIDL)

Co-facilitators: Muireann Prendergast (SETU) & Margarita Rico (UVA)

Guiding question:

- What are the most effective strategies for monitoring and analysing the situation of women in agriculture and rural areas? What can be done at Member State level? and at European level?

### Group 4: Structural and financial needs

Facilitator: Serafin Pazos-Vidal (AEIDL)

Co-facilitators: Charlene Lambert (WEP)

Guiding question:

- What are the most effective strategies to promote women farmers' access to appropriate financial services and resources, including financial literacy training and support to help women overcome barriers to accessing credit? What can be done at Member State and European level?
